## TGT SCIENCE & MATHS

kashifrazi00@gmail.com

8709958115

Patna, Bihar

---

### PROFILE

Dedicated and result-oriented Science and Mathematics educator with strong academic background and practical teaching experience. Skilled in simplifying complex concepts of Physics, Chemistry, Biology, and Mathematics for effective student understanding. Passionate about creating engaging learning environments, fostering critical thinking, and improving student performance through innovative teaching strategies.

---

### EDUCATION

#### Baba Saheb Ambedkar University

Bachelor of Education

#### Patliputra University

Bachelor of Science (Physics)

---

### EXPERIENCE

#### Science & Mathematics Teacher | Patna Doob Public School

- Taught Physics, Chemistry, Biology, and Mathematics to middle and secondary school students, ensuring strong conceptual understanding across subjects
- Designed and delivered structured lesson plans aligned with curriculum standards and learning objectives
- Used interactive teaching methods such as real-life examples, demonstrations, and problem-solving sessions to enhance student engagement
- Conducted regular assessments, class tests, and assignments to monitor student progress and identify learning gaps
- Provided individualized support and doubt-clearing sessions to help students improve weak areas
- Encouraged analytical thinking, logical reasoning, and application-based learning among students
- Maintained a positive and disciplined classroom environment conducive to learning

#### Science & Mathematics Faculty | Alpha Institute

- Specialized in simplifying complex numerical and theoretical topics for better student comprehension
- Designed practice worksheets, test series, and revision modules to strengthen student performance
- Guided students for school exams and competitive-level preparation through structured teaching strategies

## SKILLS

- Subject Expertise: Physics, Chemistry, Biology, Mathematics, Conceptual Teaching, Numerical Problem Solving, Practical Application of Concepts
  - Teaching & Pedagogy: Lesson Planning, Classroom Management, Student-Centered Learning, Activity-Based Teaching, Differentiated Instruction, Assessment & Evaluation
  - Student Development: Doubt Solving, Individual Attention, Remedial Teaching, Exam Preparation Strategies, Critical Thinking Development
  - Communication & Interaction: Clear Explanation Skills, Student Engagement, Parent-Teacher Communication, Presentation Skills
  - Technical Proficiency: Microsoft Office (Word, Excel, PowerPoint), Basic Digital Teaching Tools, Online Teaching Platforms
- 

## STRENGTHS

- Skilled in using digital teaching tools, presentations, and interactive methods for better understanding
- Patient and student-focused approach with ability to give individual attention
- Ability to create a positive, disciplined, and motivating learning environment
- Strong problem-solving and analytical thinking abilities
- Adaptability to different learning styles and teaching platforms
- Effective time management and lesson organization skills
- Dedicated educator with a passion for continuous learning and professional growth
