SAKSHAM SHEKHER

Tel: +91 6203814769 | Email: omeepd009@gmail.com | LinkedIn: linkedin.com/in/oshekher/

SUMMARY

MCA student skilled in Python, JavaScript, HTML, CSS, responsive web development, API integration, Git, GitHub, Postman, and Azure basics. Interested in software development, cloud technologies, DevOps fundamentals, and AI-assisted web tooling.

PROJECTS

CYBER AI | LIVE: https://cybermind.bond

- Built and deployed an AI powered cybersecurity assistant using React, TypeScript, Vite and PostgreSQL.
- Built an admin dashboard for user management, role assignment and activity analytics.
- Documented setup, configuration and API reference for maintainability.

TELEGRAM FORM WORKER | GitHub: github.com/OshekharO/Telegram-Form-Worker

- Developed a Telegram-integrated form handling project.
- Worked with form submissions, automation logic, and API-based communication.

QUICKNAV | LIVE: https://stacker.bond

- Created a quick navigation tool to improve access to frequently used links or resources.
- Practiced frontend development, clean UI structure, and productivity-focused design.
